

Rules for Skjern Bank's e-Banking - Private

Skjern Banks e-Banking is the general term used for the electronic self-service functions (eBanking functions) offered by Skjern Bank, for instance Skjern Banks Netbank and Skjern Banks Mobilbank.

The rules for Skjern Banks e-Banking are supplemented with special rules for individual functions, for which there are deviations from the rules for Skjern Banks e-Banking. The rules for Skjern Banks e-Banking and the special rules for the individual functions supplement Skjern Banks General terms and conditions.

Feel free, at any time, to contact Skjern Bank to obtain a copy of these rules, and also, you find the rules in your Netbank and on www.skjernbank.dk.

You can find answers to most questions, read instructions on the technical requirements for applying the functions and get information on the latest updates at www.skjernbank.dk.

2. Registration

Depending on the function you register for, you can use the function immediately after you have registered for it or once you receive a message from Skjern Bank.

The first time you use a function in Skjern Bank's e-Banking, you must electronically accept the rules for Skjern Bank's e-Banking and/or the special rules applying to the function.

Skjern Bank is not obliged to allow you access to the functions in Skjern Bank's e-Banking, and Skjern Bank may decide only to offer you specific functions or part of these.

Access to Skjern Bank's e-Banking in connection with accounts opened according to the Danish Payment Accounts Act (Lov om betalingskonti) is, however, subject to special rules.

Skjern Bank gathers the relevant personal data from you shops, financial institutions and others.

By contacting your branch, you can at any time revoke your consent to the processing of your personal data.

If you are under the age of 18, you cannot be granted a power of attorney for other clients' account(s).

We automatically delete the access of an agent under a power of attorney to accounts of clients under 18 at the 18th birthday of the principal under the power of attorney.

An agent is generally allowed access to and can register for the same functions as the principal, but a few functions will not be available to the agent.

The access of custody account holders to trade various types of securities also applies to the agent, if any.

Transactions performed by an agent are binding as if the transaction had been performed by the principal. The power of attorney granted by the principal to the agent is of no concern to Skjern Bank.

If you have authorised another person to access your accounts, this person also has access to Netboks which contains both historical and future documents. You should be aware that an agent under the power of attorney may be authorised on your behalf to select and deselect hard-copy prints in your e-Banking.

6. Third party provider

You are entitled to make use of payment initiation services or account information services to access your payment accounts that are available online.

You can use a payment initiation service to initiate, on your behalf, payments from your payment accounts.

There are limitations in authority in Skjern Bank's e-Banking. To learn more about the limitation in authority, please contact the Bank. The limitation in authority will apply to your own accounts as well as accounts that you are authorised to operate.

If you are under 18, your total maximum per day is DKK 10.000.

If you have registered a mobile phone number with the Bank, the Bank may use this in connection with executing certain transfers and payments. You can see the mobile phone number in one or more of Skjern Banks e-Banking functions. You are responsible for updating your mobile phone number in the individual e-Banking function if it changes.

The Bank may, for instance, use your mobile phone number to send you an SMS if a payment or transfer cannot be executed.

You may also experience that you need to approve certain transfers or payments more than once. This may be prompted by enquiry from the Bank or by an SMS code sent to you. If you receive an SMS code, this must be entered in the individual e-Banking function to execute the transaction.

In the event of other limitations to the application of the individual functions, the limitations appear from the special rules applying to the function.

9. Payment execution

In Skjern Banks e-Banking a payment order has been received when you receive an acknowledgement of this in the individual e-Banking function. You can find information on the maximum time it takes to execute a payment on the "Deadlines" page in the Netbank.

On the "Deadlines" page you can also see when to confirm your payments at the latest in order for these to be executed on the same day.

Through some of the functions in Skjern Banks e-Banking you can see a spending overview of your expenses broken down into different categories. Skjern Bank uses a number of standard categories, but you can re-categorise your expenses as you like. The spending overview is solely available to you. You can at any time deactivate the spending overview in the functions in Skjern Banks e-Banking where spending overview is available.

13. Budget

In Skjern Bank's Budget you can make different calculations for budgeting purposes.

You can, among other things, prepare a budget on the basis of your payment agreements, create manual budget items and perform budgetary follow-up.

The calculations in Skjern Bank's Budget only serve as an indicative calculation for your budget preparation.

Your budget can only be seen by you. You may, however, choose to give Skjern Bank access to your budget.

Skjern Bank has no responsibility for all relevant debt items and amounts being included in the budget or for the correctness of these.

Hence, Skjern Bank cannot be held liable for any transactions made on the basis of the calculations in Skjern Bank's Budget.
